GRADUATE STUDENT
SEMINAR

CMU Mathematics Seminars

CALLOUT TO ALL GRADUATE STUDENTS

Tuesday, August 30, 4:00 pm - 5:00 pm
Pearce Hall, Room 227

A Message to ALL Graduate Students:

(If you don't think this is for you, then you must read on.)

(This is not only to those who sign up for credits.)

- If you are not sure what the Graduate Student Seminar, and Colloquia, or any seminars are about;
- If you are not sure whether or not you are expected to attend any of these, or how many you should attend;
- If you don't think you are ready;
- If you are not planning to attend any of these activities...
- If ...; what else? Any other doubts, uncertainty, denial, ...

Gather on this day. We will talk about all these and more. Also answer any questions and concerns you might have.

For those who have been attending, please come to share your experiences or give suggestions.

So join us and drag everyone you see on the way. If you have to bring a companion of any age – significant others, kids, etc, that's okay! It will be a brief and relaxing meeting.
